Dr. Kriti Jain is a full-time member of faculty at IE Business School, Madrid, Spain (consistently ranked amongst world's top 10 B-Schools) and specializes in Decision-making, especially in the strategic contexts of organizations and public policy. In 2018, Thinkers50 named Kriti in the list of emerging global thinkers with the potential to make lasting contributions to management theory and practice.

Kriti is a PhD in Management from INSEAD (ranked no. 1 in latest Financial Times global rankings) and has published in leading management, economics, and psychology journals including, *Management Science*, *Human Resource Management*, *Journal of Behavioral Decision Making*, *International Journal of Forecasting*, and *Journal of Operations Management*. INSEAD, in 2018, recognized her as one of their top 50 women alumni leading academic excellence.

Before joining full-time academics, she worked with McKinsey & Co. on risk management projects focusing on energy and materials sector for global clients based in Europe and Middle East.

Professor Kriti holds the prestigious European Union's Marie Curie Fellowship (Euros 100,000) for research work on decision-making. She has consistently received top ratings for her courses on Strategic Decision-Making, Managing Talent, and Risk Management conducted for business leaders, lawyers, entrepreneurs, and doctoral scholars. She regularly shares her ideas as a guest speaker for corporate events and as a columnist for business press. Her work has featured in print media such as *Forbes India*, *Psychology Today* and *The Wall Street Journal*.
